11th Grade Checklist:

- Meet with your counselor and revisit your ECAP. Talk about your plan for the last two years of high school, as well as what kind of education will help you reach your career goals.
- Continue to study for the ACT and sign up to take it your junior year. You can request to have your ACT scores sent directly to up to 4 colleges or universities for free!
- Attend college fairs or college open house days in your area; schedule a campus tour for colleges that interest you. Talk to your counselor, or call the Admissions office to set up a tour.
- Familiarize yourself with different types of financial aid for college (grants, loans, scholarships, etc.)
- Continue involvement in extracurricular activities. Try to get a leadership position in a sport, club, or activity if you can and remember to include this on your ECAP.
- Look for a summer internship, or attend a camp or summer program at a local college or university.
- Continue searching for scholarships and keeping tabs on all your grades, activities, awards, and research.
- Don’t slack off your senior year; register for challenging classes. Consider taking the highest math class you can excel at to help keep those skills fresh for testing and college.
- Finalize your list of best fit schools, possible careers or majors, and scholarships that interest you.
